

## DLA AWARDS 2012

We are pleased to announce those who have received the awards from the 2012 conference in Bernburg and Dessau, Germany.

We are pleased to announce the following

### **Digital Landscape Architecture DLA 2012 Award by Review Committee**

During the two phase 2012 peer-reviewing process, sixty-two entries were evaluated by forty-nine reviewers. Of the forty-two accepted papers, nearly half were rated as excellent.

The following awards are for the full papers, resulting from the blind peer review by the Digital Landscape Architecture Review Committee.

◆ **SCIENTIFIC EXCELLENCE** was given to

**Amii Harwood** and **Andrew Lovett** and **Jenni Turner**, University of East Anglia, United Kingdom for the contribution:

**“Extending Virtual Globes to Help Enhance Public Landscape Awareness”**  
(Highest overall score in the DLA 2012 review: 5.5)

We thank all the reviewers who helped with their recommendations and we compliment the authors for their **SCIENTIFIC EXCELLENCE!**
